

## NOH-SAYAB

LATITUDE 18° 44.4' N.

LONGITUDE 89° 14.6' W.

North of the chicle camp of Noh-Sayab is an extensive group of mounds. Associated with one are the remains of a masonry tower with rounded corners. The facing rises with a number of plain zones and bands of small, carefully worked blocks. A passageway in the base of the tower has a length of 7 m. (fig. 124).
